Team reflection

Discuss:

- Does the team feel "on track"? (reiterate the above colour status)
- What progress does the team particularly feel good (great) about? The logic migration was overdue, good to have it done.
- What barriers (if any) does the team feel are a current impediment to success?
- What help (if any) does the team require to move positively forward?
- What questions or concerns does the team have (if any)?
