

Scrum dates

Jan.25, 2022 - Mar.1, 2022

Status description

- Green

Shane - Created the web portal front end, made changes to the app front end, updated server file structure, worked with Bryden on server side functionality. Began work on populating statistics on the parent portal. Worked on local logic for bedtime.

Bryden - Added cookies to the web portal for self-population/session, self populated web portal, synchronised parental settings between app, portal, and server. Worked with Shane on front end design. Implemented bedtime sms functionality

Project issues

None.

Project changes

None.

Documentation overview and/or project demo

Will demo at bazaar.

Next up

Shane - Complete functionality of statistical display to the parent portal.

Bryden - Generate Digests and send them at the appropriate intervals.

Together - Add/style additional messages for the app, enable multiple cell-number based accounts. Secure parent portal

Team reflection

Discuss:

- Does the team feel "on track"? Yes
- What progress does the team particularly feel good (great) about? Parent Portal
- What barriers (if any) does the team feel are a current impediment to success?
None
- What help (if any) does the team require to move positively forward? None
- What questions or concerns does the team have (if any)? Make a mascot?
